

I am writing to let you know how much K-LOVE serves me in my area. K-LOVE is the one station that I can count on to be totally free of the bad language that seems to be so prevalent on other stations. I feel that I and my community would lose a lot if K-LOVE were to be displaced by an LPFM. I don't think I would get the same service I get from K-LOVE. I beleive the service thatK-LOVE provides to our community is very important not only to me but to families who like the upbeat type of music that they play and knowing that the filth is not there at all. Sincerely, Aleta L. Rice
